

# Place-Based Ecology Education Celebration

*Held at Thetford Academy • October 10, 2019*

Share your accomplishments in place-based ecology education with students and teachers from across the Upper Valley!

## The PBEE Celebration

allows schools to learn new ideas, practices and projects they may want to incorporate on their own campus while exhibiting their own PBEE successes and accomplishments.

### Contact

[education@vinsweb.org](mailto:education@vinsweb.org)

### Example projects/practices:

- Outdoor Education
- Forest Fridays
- Wednesday in the Woods
- Trail building and maintenance

## Participation Package • \$200.00

- One-on-one planning meeting with VINS Educator to review event goals to determine the best project/practice for the event.
- Classroom support and science instruction expertise from a VINS Science Educator who has a Master's in Education and is a certified teacher.
- Registration and admission to the PBEE Celebration for participating classes on the day of the event.

*Want more collaboration with a VINS Science Educator?  
Contact us to plan more time in your classroom!*

Brought to you by the Vermont Institute of Natural Science in collaboration with the Upper Valley Teaching Place Collaborative and Thetford Academy.
